The Internet gives you contact with the entire world at the click of a button. You can pay bills, watch shows, get recipes, talk with friends and family, and even meet people from different parts of the world. When you learn to use the internet correctly, you can do almost anything right from home. Get online and keep in touch.

What is Generations on Line?

A training program designed to introduce seniors to the basics of getting online & other skills such as:

- Using the mouse
- Using and searching the internet
- Creating an email account
- Sending and receiving email
- Communicating on the internet
